BBC Two - The Burrowers: Animals Underground, How to spot ... There are quite a number of foxes in the UK and they are pretty adaptable creatures, meaning they can make their homes almost anywhere. Foxes: Facts & Pictures - Live Science A fox's diet can consist of small animals, such as lizards, voles, rats, mice, rabbits and hares. They round out their diet with birds, fruits and bugs, according to the Smithsonian. What Is a Fox's Shelter? | Animals - mom.me Red foxes, bat-eared foxes (*Otocyon megalotis*) and kit foxes, for example, are all avid den residents. While gray foxes occasionally find shelter underground in dens, they don't do so as often as some other types of foxes, including red foxes. Foxes frequently dig dens in areas with crumbly dirt or with lots of thick plants. Fox dens are commonly referred to as "earths."

Red Fox - Animal Facts, Education & Inspiration Foxes belong to the dog family, which includes wolves, coyotes, grey foxes, raccoon dogs and their relatives. All members of this family are incredibly adaptable animals, and this makes them successful colonisers in many areas of the world, practically in all habitats available and often in close proximity to humans. Fox Facts, Habitat Information & Worksheets For Kids Fox species include the gray fox, red fox, arctic fox, kit fox and fennec fox. The red fox is the most common. There are 21 species of fox.
